

ACADEMIC COACHING SERVICES (ACS)

ACT/SAT Test Prep

ACT/SAT/PSAT Tutoring (grades 10-12):

These 90-minute sessions will increase the student's knowledge of the academic material covered on college admissions tests and develop the critical thinking, reading, and test-taking skills needed to achieve higher scores. **Homework practice will be assigned.**

Any additional requirements?

All students must purchase and bring to class a copy of **David McCullough's *John Adams***. This excellent biography will provide the additional reading support we require for the students in our program. Additional books will be suggested during the program.

Where are the Prep sessions held?

All sessions are held at the **Academic Coaching Center at 8375 W Flamingo Rd, Suite 101 (In the Juliet Bldg. near Cimarron/DMV)**. The Center provides a comfortable educational environment with technological and research materials available.

What enrollment options are available?

Most programs (Accelerated/Brief or Extended) are limited to 2-3 students per instructor to ensure individualized attention and academic progress. Students are scheduled 3-4 hours per week (i.e. Tues/Thurs or weekends) or more depending on targeted test date.

What are the course fees?

Accelerated/Brief ACT/SAT Course (15 hrs instruction plus practice testing) cost \$1200 per student or hourly rate of \$75/hr. This program will review all areas of the test and the appropriate learning & test-taking strategies. Enrollment suggested for students who desire a brief or faster test-prep experience; those students who have **completed** Algebra 2 and are currently enrolled in advanced math (**precalculus or higher**) and/or Honors/AP English courses will benefit most from this program.

Extended ACT/SAT Course (25-30 hrs instruction plus practice testing) costs \$1800 per student or hourly rate of \$75/hr. This program is best for students who need strong review of math concepts and/or more comprehensive test prep in all areas (Reading, English, Math, Science)--especially designed for students who are **currently enrolled** in Algebra 2 or higher.

Does ACS offer individual test prep/tutoring?

ACS provides individualized test prep for students who may have completed previous test prep and now desire targeted assistance with specific areas of the ACT or SAT test sections. We offer limited individual tutoring and test prep, when available. Cost: \$95/hr per student.

How do students/families register for ACS programs?
